

Southern NH Jewish Men's Club Annual Children's Breakfast

SNHJMC

Rainforest Reptiles Presents Reptiles Rock

**Sunday Morning February 28th
9:30am**

The Southern NH Jewish Men's Club is pleased to welcome RAINFOREST REPTILES and the amazing and informative "REPTILES ROCK" presentation.

Reptiles Rock runs 1 full hour and is geared appropriately for kids of all ages. This includes the mini zoo set up on a table with 10 to 14 smaller animals (bugs, frogs, snakes, lizards, etc.) to look at. Plus the fun and informative presentation by our herpetologist in uniform of 4 larger animals, a large red or yellow foot tortoise (S. America), a large monitor or tegu lizard (Africa or S. America), a 9 to 10 ft. boa or python(S. America or Myanmar/Burma) and of course the American alligator (USA). All are from tropical or semi-tropical rainforests.

Everyone will have the opportunity to touch both the lizard and the snake after the program. There are opportunities for volunteers to come up and assist through-out the presentation. Not only do the children and adults have a great learning experience, they have awesome FUN too.

The SNHJMC will be serving our famous bagels and lox spread with accompanying waffles and eggs. As always, children are free and the cost for adults is \$5 for members/spouses and \$10 for non-members. Breakfast will start at 9:30 am at Temple Beth Abraham, 4 Raymond Street, Nashua and the program will start around 10:00 am.

For more information or just to let us know you are coming please RSVP to Breakfastsvp@snhjmc.org. While not required, reservations help us plan better. Thanks!
